Commercial Printing

From basic one and two color quick print work to a four color process project, PrintEdd can help. We will print your document on one of our Ryobi offset presses so you will get a quality product from a trusted source. We offer fast service and competitive prices on a wide variety of Commercial Printing products.

JUMBO ROLLS

A Jumbo Roll is a single part continuous form delivered on a 50" diameter roll as opposed to the conventional method of forms in boxes. These rolls are used on high-speed, roll-fed laser printers that are designed for large volume applications. This high volume printing increases productivity and reduces costs. Jumbo Rolls are used by Data Centers, Large Financial Institutions, Utility Companies, State/Government Agencies and Large Corporations who do their own billing. We manufacture Jumbo Rolls in 14", 17" and 22" multiples in up to 8 color printing. UV inks and a wide variety of features are available.

** Rolls are carefully prepared for shipping to your customer. Each roll is stretch wrapped individually; and then placed on a pallet and wrapped again with another roll. We ship 2 rolls per pallet. Each roll is banded to the pallet for extra protection.

Snap Outs/Fan Apart

While some have predicted a decline in Snap business, demand for this product has remained constant. All types of businesses use custom snap forms as this product can be used for almost any business function where a computer form is not required. PrintEdd produces a great variety of Snaps in small, medium and large quantities. Our standard construction is a $\frac{3}{4}$ " stub with no line holes for a more professional appearance.

- *Book Binding
- *Padding
- *Multiple Punching
- *Variable Perforations including Partial Perfs
- *Odd Lengths & Widths
- *12 Part Forms
- *MICR Numbering
- *Color Printing
- *500 Minimum Quantity

Because of our trimming capabilities, we can offer almost any size form your customer requires. Standard form widths are seen above.

Cut Sheets

Demand for Cut Sheet products continues to grow...PrintEdd has the products and support to help you capture more of this business. The most common sizes are offered for laser applications (11" and 14"). Plus many uncommon sizes are produced on a regular basis to meet the individual needs of customers. Cut Sheets are available in up to eight ink colors and customized to your specifications.

PrintEdd
PRODUCTS

very **Competitive Prices**

PrintEdd Products is a manufacturer of business documents with plants in Grand Prairie and Austin, Texas. The company started in 1982 as a Short Run manufacturer producing continuous checks. Today, PrintEdd manufactures short, medium and long run Business Forms, Envelopes, Jumbo Rolls and Color Printing. We now offer More Products than ever... to give you new solutions to sell from a reliable source.

Our business is built for you. We operate on the simple premise of **taking care of the customer.** As our industry matures and we see more mergers, acquisitions and consolidations, it is becoming more difficult for some companies to respond to individual customer needs. The size and culture of our company enables us to respond fast to your individual requirements.

We are a Customer Focused company specializing in fast, flexible, personal service. Our people will do everything possible to say yes to your request. Whether you need a rush delivery on a check order or a special program for a large account, we can help. You will find that PrintEdd representatives are friendly and responsive. Our goal is to help you grow your business by providing a full line of quality products backed by personal "we care" service.
